DASSY® LOGIX

# IT'S ALL ABOUT THE DETAILS

DASSY® Logix is a collection with fluorescent and reflective details. Our new collection focuses on sectors where mobility is essential and where there is need for flexibility. Logix was developed together with professionals from logistics, warehousing, transport and other relevant sectors. At DASSY®, we tailor our clothing to the wearer. We always listen to feedback from our target groups.

Did you know there's an entire story behind the naming of our collection and products?

“Logix” comes from “logistics”. The “x” is a subtle reference to our D-FX Flex collection, on which Logix is based. Ports are the heart of the logistics sector. And that’s why each garment bears the name of a particular city.

## WORK TROUSERS IN SMART FLEX

Classic work trousers. Work trousers with knee pockets for kneeling work. Or work trousers with knee and holster pockets to store all our tools? You'll find it all in our Logix range. We also have brace overalls and shorts.

**Thanks to the mechanical stretch and stretch inserts, these trousers guarantee sufficient flexibility.**

- Available in three inside leg lengths
- With an extendable hem
- With adjustable back elastic
